NAPOLI PRIDE 2018

Against racism and homophobia FOR THE FREEDOM OF ALL

The interethnic anti-racist Association "3 Febbraio" greets and salutes the participants in the Napoli Pride 2018..

Together with the "La Comune" and other associations and people who stand in solidarity, we believe that we can unite, in the name of the defense and growth of the liberties and rights of all, strengthening our commitment to welcome and hospitality, for the defense of life against all forms of violence, homophobia and racism.

The freedom to choose who to love must be defended and protected, like the freedom to choose where to live, especially for those who escape from wars, terrorism and misery.

In the everyday life we live in, in which homophobic attacks and racist shootings are sadly normal, in which there are people and politicians who hope for the death of innocent people at sea (including children), we stand up to defend the lives of everyone and everyone. Likewise, we stand in defense of freedom of expression, which is under attack (as happened to the Pride of Syracuse, where the police blocked a banner that read: "Forever against Salvini, homophobia and all borders").

The next 19 July will see us engaged in the initiative "Terra! #ApriteiPorti", promoted by the City Council of Naples, along with many associations and NGOs, immigrant communities and personalities in solidarity.

We appeal to all people of good will, to believers of every religious faith, to anti-racist and human rights associations, to unite in a common commitment for a better life for everybody.

Who cares about humanity take sides!
